

Learn about Cloudflare NFR Demo Account for you

| | |
|-------------------------|--|
| What is it? | The account grants you access to Cloudflare product licenses that are purposed for your own technical team's learning and testing. We recommend using this account to demo the solution for your customers, or if you are a distributor, to your reseller partners. |
| Eligibility | Access to this account is available for: (a) Partners who resell Cloudflare enterprise plans and above. (b) Distributors who distribute Cloudflare enterprise plans and above. (c) Services partners who are eligible. |
| Scope | NFR Demo Account access is available for Cloudflare Application Services, Zero Trust Services, Developer Services. NFR Demo Account is unavailable for Network Services. |
| Duration | This account does not have a time/duration limit. You can keep the access to the account as long as the partnership is active. Cloudflare reserves the right to modify or limit the duration of this NFR account. |
| Rules | Demo account is strictly used for demo purposes . Cloudflare holds their right to discontinue the Partner Demo Account if the below rules are not respected. <ul style="list-style-type: none">• No production traffic. NFR Account is not served with Cloudflare's standard customer support service.• No video traffic, unless the time and justifications are approved by Cloudflare team in advance.• Scope is limited to one domain (application services), that is provided by Cloudflare team. For Zero Trust services, licenses will be given to 20 users for testing. The demo account access is to be shared amongst partner organization's engineers.• The demo domain is managed and provided by Cloudflare team. |
| Get Started | Please contact your Cloudflare regional partner team contact. Your point of contact is most likely a channel account manager. |
| Support Expectation | This is a self-served sandboxed environment. We recommend you to start configuring it using our guidance on training courses and accreditations at Cloudflare Partner Portal. This account is not provided with Cloudflare technical support . We do not provide SLA with this account. Please make sure you do not create critical situations using the demo account. Should you expect technical support or SLA, subscribing to an enterprise plan would be the best option. |
| Limitation of Liability | While the above rules will take precedence, all the other terms will follow Cloudflare Self-Serve (Free Plan) Subscription Agreement , including Limitation of Liability. |
